

## 2010 Tropical Medicine ARCP Decision Aid

	ARCP year 3 (End of ST3)	ARCP year 4 (End of ST4)	ARCP year 5 (End of ST5 = PYA)	ARCP year 6 (End of ST6 = CCT)
<b>Expected competence</b>	<p>Trainees should be competent in the initial assessment of patients with common presenting features of infection (objectives 1-4, see Syllabus section 3.3)</p> <p>(mini-CEX / CbD / ACAT documented in e-portfolio)</p>	<p>Trainees should be competent in the assessment and management of patients with common presenting features of infection including management of all common infectious emergencies (objectives 1-4, see Syllabus section 3.3)</p> <p>(mini-CEX / CbD / ACAT documented in e-portfolio)</p>	<p>Trainees should be autonomously competent in the assessment and management of patients presenting with all core conditions (objectives 1-4, see Syllabus section 3.3)</p> <p>Trainees should have an understanding of the role of the microbiologist and virologist and the importance of microbiological techniques in ID.</p> <p>Trainees should be competent in all aspects of the management of antibiotic use (objectives 5-6, see Syllabus section 3.3)</p> <p>(mini-CEX/CbD/ACAT documented in e-portfolio)</p>	<p>Trainees should be autonomously competent in the assessment and management of patients presenting with all core conditions. (objectives 1-4, see Syllabus section 3.3)</p> <p>Trainees should have an understanding of the role of the microbiologist and virologist and the importance of microbiological techniques in ID.</p> <p>Trainees should be autonomously competent in all aspects of the management of antibiotic use (objectives 5-6, see Syllabus section 3.3)</p> <p>(mini-CEX/CbD/ACAT documented in e-portfolio)</p>

	<b>ARCP year 3 (End of ST3)</b>	<b>ARCP year 4 (End of ST4)</b>	<b>ARCP year 5 (End of ST5 = PYA)</b>	<b>ARCP year 6 (End of ST6 = CCT)</b>
<b>Specialty Certificate Examination</b>		Attempt/Pass SCE	Attempt/Pass SCE	Pass SCE to obtain SCE
<b>DTM&amp;H</b>		Attendance at a full-time DTM&H course (London, Liverpool or other equivalent with prior agreement of the SAC)		
<b>MSF</b>	Satisfactory* *1x MSF completed in ST3 or ST4	Satisfactory* *1x MSF completed in ST3 or ST4	Satisfactory* *1x MSF completed in ST5 or ST6	Satisfactory* *1x MSF completed in ST5 or ST6
<b>DOPS</b>	Have demonstrated competence by DOPS in 2 core techniques	Have demonstrated competence by DOPS in all core techniques	Have demonstrated competence by DOPS in all core techniques	Have demonstrated competence by DOPS in all core techniques May have demonstrated competence by DOPS in any further specialist techniques
<b>PS</b>	Satisfactory* *1x PSQ completed in ST3 or ST4	Satisfactory* *1x PSQ completed in ST3 or ST4	Satisfactory* *1x PSQ completed in ST5 or ST6	Satisfactory* *1x PSQ completed in ST5 or ST6
<b>mini-CEX</b>	3 mini-CEX in which the emphasis is on history/exam in common conditions.	4 mini-CEX where the emphasis is on the assessment and management of patients with common conditions	4 mini-CEX on the assessment and management of patients with core conditions, with the emphasis on complex infections	4 mini-CEX on the assessment and management of patients with core conditions, with the emphasis on complex infections
<b>CbD</b>	3 CbD in which the emphasis is on history/exam in common conditions.	4 CbD where the emphasis is on the assessment and management of patients with common conditions	4 CbD on the assessment and management of patients with core conditions, with the emphasis on complex infections	4 CbDs on the assessment and management of patients with core conditions, with the emphasis on complex infections

	<b>ARCP year 3 (End of ST3)</b>	<b>ARCP year 4 (End of ST4)</b>	<b>ARCP year 5 (End of ST5 = PYA)</b>	<b>ARCP year 6 (End of ST6 = CCT)</b>
<b>ALS</b>	Must have valid ALS	Must have valid ALS	Must have valid ALS	Must have valid ALS
<b>Audit</b>		Evidence of participation in an audit (Audit assessment documented in portfolio)	Evidence of completion of an audit – with major involvement in design, implementation, analysis and presentation of results and recommendations  (at least 1x Audit assessment documented in portfolio in ST5 or ST6)	Satisfactory portfolio of audit involvement (at least two completed audit projects with evidence of change in practise)  (at least 1x Audit assessment documented in portfolio in ST5 or ST6)
<b>Research</b>		Evidence of critical thinking around relevant clinical questions	Evidence of developing research awareness and competence – participation in research studies, critical reviews, presentation at relevant research meetings or participation in (assessed) courses.  (objective 7, see Syllabus section 3.3)	Satisfactory academic portfolio with evidence of research awareness and competence. Evidence might include a completed study with presentations /publication, a completed higher degree with research component (e.g. Masters) or, in some cases a research degree (MD or PhD)  (objective 7, see Syllabus section 3.3)
<b>Teaching</b>		Evidence of participation in teaching of medical students, junior doctors and other Health Professionals  (Teaching observation assessment documented in portfolio)	Evidence of participation in teaching with results of students' evaluation of that teaching  Evidence of understanding of the principles of adult education (at least 1x Teaching observation assessment documented in	Portfolio evidence of ongoing evaluated participation in teaching  Evidence of implementation of the principles of adult education (at least 1x Teaching observation assessment documented in

	ARCP year 3 (End of ST3)	ARCP year 4 (End of ST4)	ARCP year 5 (End of ST5 = PYA)	ARCP year 6 (End of ST6 = CCT)
			portfolio in ST5 or ST6)	portfolio in ST5 or ST6)
<b>Management</b>		Evidence of participation in, and awareness of, some aspect of management – examples might include responsibility for organising rotas, teaching sessions or journal clubs	Evidence of awareness of managerial structures and functions within the NHS. Such evidence might include attendance at relevant courses, participation in relevant local management meetings with defined responsibilities.	Evidence of understanding of managerial structures e.g. by reflective portfolio entries around relevant NHS management activities.

Where trainees are dual training in GIM, supervisors will have to adjust the detail of requirements to allow for the extra training time, depending on the structure of individual programmes.

***Core techniques for Tropical Medicine will include lumbar puncture, chest aspiration, ascitic tap, insertion of ascitic drain, intercostal chest drain, insertion of central venous catheter, insertion of urinary catheter in male and female, joint aspiration and lymph node aspiration.***
