Ref

Dear Bill,

**Curriculum & Assessment Approvals Panel – annual college summary for
Endocrinology and Diabetes Mellitus - Panel meeting of 14 April 2009**

On behalf of the PMETB Curriculum and Assessment Approvals Panel I would like to thank you and your colleagues from the SAC for the annual college summary for the period: from 2006 and ending 31 March 2009 for the specialty of **Endocrinology and Diabetes Mellitus**.

The Panel reviewed the changes in accordance with the Curriculum Review Protocol (reference: Quality Framework Operational Guide, March 2009) and PMETB's standards and requirements.

The Panel's decision which will be referred to the Training Committee for ratification is to **approve** the minor changes made to the approved curriculum. It was noted that there were no minor changes made to the associated assessment system.

Next steps

The annual college summary will now be uploaded on the PMETB website alongside the approved curriculum and assessment system.

Please ensure that the JRCPTB's website accurately reflects the position and do not hesitate to contact me should you wish to discuss any aspect of this letter.

Yours sincerely

Cathy Williams
Head of Curriculum and Evaluation
