

2017 NATIONAL TRAINEE SURVEY RESULTS

CLINICAL PHARMACOLOGY AND THERAPEUTICS

SPECIALTY SPECIFIC QUESTIONS

OCTOBER 2017

Introduction

The Specialty Specific Questions have been developed to test trainee's access to, participation in or confidence in the attainment of specific aspects of the specialty training curriculum.

The questions have been included as Programme Specific Questions in the annual GMC National Trainee Survey. A table showing trainee's collective responses from a national perspective, a comparison with the responses last previously received for the question (if it has been asked in a previous year) and the region or regions where agreement is highest or lowest are shown on pages 4-7 with a fuller breakdown of the questions and the trainee responses (nationally, by Deanery/LETB and by grade later in this report.

36 Clinical Pharmacology and Therapeutics trainees (5 ST3, 7 ST4, 7 ST5, 9 ST6, 6 ST7 and 2 ST8 trainees) completed the 2017 survey. This was an increase of 9% (3 trainees) compared to 2016. The numbers of trainees in each Deanery / LETB completing the survey were as follows:

Deanery / LETB	2016	2017	% Difference
Health Education East of England	4	6	+50%
Health Education N, C & E London	7	6	-14%
Health Education North East	<3	0	N/A
Health Education North West	9	6	-33%
Health Education NW London	3	3	+ 0%
Health Education South London	4	6	+33%
Health Education West Midlands	0	<3	N/A
NHS Education for Scotland	3	6	+50%
Wales Deanery	<3	<3	N/A
Total (including n<3)	33	36	+ 9%

	Reduction of >10% of trainees completing the NTS in 2017 compared to 2016
--	---

A table showing the overall percentage of trainees in agreement with each of the specialty specific questions, the 2016/17 percentage difference, and the regions with the highest and lowest levels of agreement can be found on pages 2 to 6 below.

Specialty Specific Questions – Clinical Pharmacology and Therapeutics

Quality Criteria	% trainees agreeing overall	2016/2017 Difference	Agreement Highest		Agreement Lowest	
Q1: My training in CPT is complemented by my involvement in other specialties (e.g. General Internal Medicine).	83%	-8%	LDN NC&E, NW)	100%	London (S)	50% (3/6)
					East of England	83% (5/6)
					NW, SCO	84%
Q2: In this post, which (if any) of the following CPT special interest areas do you have the opportunity to study/undertake (select all that apply)						
• Hypertension	78%	- 7%	East of England	100% (6/6)	London (S)	50% (3/6)
• Research	75%	-16%	North West	100% (6/6)	4/6 regions	67%
• Clinical Trials	56%	- 2%	North West	100% (6/6)	LDN (S), LDN (NW)	33%
• Toxicology	31%	- 2%	3/6 regions	50%	EoE, NW	0% (0/6)
• None:	3%	+ 3%	London (S)	17% (1/6)	5/6 regions	0%
Q3: Which (if any) of the following CPT related service activities have you been involved with in the last 12 months? (select all that apply)						
• Audit projects	67%	+ 6%	North West	83% (5/6)	4/6 regions	67%
• D/T committee	67%	+19%	London (NW)	100% (3/3)	NW, SCO	33% (2/6)
• Clinical guidance development/review	50%	+15%	Scotland	83% (5/6)	North West	17% (1/6)
• Formulary committee	39%	+ 3%	LDN (NW), (N,C&E)	67%	North West	0% (0/6)
• Area prescribing committee	33%	- 5%	LDN (S)	67% (4/6)	EoE, NW	17% (1/6)
• Electronic prescribing development	19%	+10%	LDN (NW), (N,C&E)	33%	North West	0% (0/6)
• Other	19%	+11%	EoE, SCO	33% (2/6)	London (NW)	0% (0/3)
• Research ethics committee	17%	+ 5%	East of England	50% (3/6)	LDN (NW, SCO)	0%
• Medication safety committee	17%	- 4%	3/6 regions	33%	LDN (N,C & E), SCO	0% (0/6)
• Providing advice via Toxbase	14%	+ 5%	Scotland	33% (2/6)	4/6 regions	0%
