Joint Royal Colleges of Physicians Training Board

# 2018 NATIONAL TRAINEE SURVEY RESULTS 

ALLERGY<br>\section*{SPECIALTY SPECIFIC QUESTIONS}

## SEPTEMBER 2018

Quality Management Team
Joint Royal Colleges of Physicians Training Board

Joint Royal Colleges of Physicians Training Board

## Introduction

The Specialty Specific Questions have been developed to test trainee's access to, participation in or confidence in the attainment of specific aspects of the specialty training curriculum.

The questions have been included as Programme Specific Questions in the annual GMC National Trainee Survey. A table showing trainee's collective responses from a national perspective, a comparison with the responses last previously received for the question (if it has been asked in a previous year) and the region or regions where agreement is highest or lowest are shown on pages 4-7 with a fuller breakdown of the questions and the trainee responses (nationally, by Deanery/LETB and by grade later in this report.

8 Allergy trainees, 2 less than 2017, completed the 2018 survey. The numbers of trainees in each Deanery / LETB completing the survey were as follows:

| Deanery / LETB | $\mathbf{2 0 1 7}$ | $\mathbf{2 0 1 8}$ |  |
| :--- | :--- | :--- | :--- |
| Health Education East Midlands | $<3$ |  | 0 |
| Health Education East of England | $<3$ | $<3$ |  |
| Health Education N, C \& E London |  | 0 | 3 |
| Health Education South London |  | 5 | 0 |
| Health Education North West | $<3$ | $<3$ |  |
| Health Education Wessex | $<3$ | $<3$ |  |
| Total |  | $\mathbf{1 0}$ |  |

Reduction of >10\% of trainees completing the NTS in 2018 compared to 2017

## Specialty Specific Questions - Allergy

| Quality Criteria | \% trainees agreeing overall | 2017/2018 Difference |
| :---: | :---: | :---: |
| Q1. I have had sufficient experience in dealing with the consequences of atopic march in children to meet the curriculum outcomes. (ST5, ST6, ST7) n=5 | $\begin{array}{lr} \text { 2017: } & 100 \% \\ \text { 2018: } & 60 \% \end{array}$ | -40\% |
| Q2. I feel competent to participate in an adult allergen immunotherapy service for allergic diseases arising from aeroallergen and insect venom allergy and offering subcutaneous and sublingual vaccines. (ST5, ST6, ST7) $\mathrm{n}=5$ | $\begin{aligned} & \text { 2017: } 100 \% \\ & \text { 2018: } 100 \% \end{aligned}$ | +0\% |
| Q3. I feel competent to investigate suspected drug allergy, including general anaesthetics, antibiotics, aspirin and other analgesics, local anaesthetics in an outpatient, day case or inpatient challenge setting. (ST5, ST6, ST7) $n=5$ | $\begin{aligned} & \text { 2017: } 100 \% \\ & \text { 2018: } 100 \% \\ & \hline \end{aligned}$ | +0\% |
| Q4. I feel competent to perform or order and interpret allergy tests and in vitro tests for serum allergen-specific IgE and understand the principles and clinical significance of component resolved allergen-specific $\operatorname{lgE}$ detection. (ST5, ST6, ST7) n=5 | $\begin{aligned} & \text { 2017: 100\% } \\ & \text { 2018: } 100 \% \end{aligned}$ | +0\% |
| Q5. The Knowledge Based Assessment examination was useful in shaping my training needs. (ST5, ST6, ST7) n=5 | $\begin{array}{ll} \text { 2017: } & 0 \% \\ \text { 2018: } & 0 \% \end{array}$ | + 0\% |
| Q6. I feel competent to investigate and manage patients with anaphylaxis including "idiopathic" anaphylaxis. (ST5, ST6, ST7) $n=5$ | $\begin{aligned} & \text { 2017: } 100 \% \\ & \text { 2018: } 100 \% \end{aligned}$ | +0\% |
| Q7. I feel competent to determine the aetiology of, and manage urticaria and angioedema of all causes. (ST5, ST6, ST7) $\mathrm{n}=5$ | $\begin{aligned} & \text { 2017: } 100 \% \\ & \text { 2018: } 100 \% \end{aligned}$ | +0\% |
| Q8. I feel competent to investigate and manage patients with asthma, including identifying which patients qualify for anti$\operatorname{lgE}$ therapy and administering and monitoring this therapy. (ST5, ST6, ST7) $\mathrm{n}=5$ | $\begin{array}{ll} \text { 2017: } & 75 \% \\ \text { 2018: } & 80 \% \\ \hline \end{array}$ | +5\% |
| Q9. I feel competent to examine the upper airways and to manage patients with chronic rhinosinusitis and nasal polyps. (ST5, ST6, ST7) n=5 | $\begin{array}{ll} \text { 2017: } & 75 \% \\ \text { 2018: } & 80 \% \\ \hline \end{array}$ | +5\% |
| Q10. The BSACI national training days are delivering training appropriate to the content of the allergy curriculum. (ST3, ST4, ST5, ST6, ST7) n=8 | $\begin{aligned} & \text { 2017: } 100 \% \\ & \text { 2018: } 100 \% \end{aligned}$ | +0\% |
| Q11. I feel competent to investigate and manage all patients with overt or suspected food allergy, with full understanding of the role of skin prick testing, component resolved diagnosis and single and double blind food challenge in a day case setting. (ST5, ST6, ST7) n=5 | $\begin{array}{ll} \text { 2017: } & 100 \% \\ \text { 2018: } & 100 \% \end{array}$ | +0\% |

## JRCPTB

Please indicate how much you agree or disagree with the following statements:
Q1. I have had sufficient experience in dealing with the consequences of the atopic march in children to meet the curriculum outcomes.
(This question was presented to trainees of the following grades: ST5, ST6, ST7) 2017: $\mathrm{n}=8,2018$ : $\mathrm{n}=5$
All trainees

Grade

## Deanery/LETB

## JRCPTB

Q2. I feel competent to participate in an adult allergen immunotherapy service for allergic diseases arising from aeroallergen and insect venom allergy and offering subcutaneous and sublingual vaccines. (This question was presented to trainees of the following grades: ST5, ST6, ST7) 2017: $\mathrm{n}=8,2018$ : $\mathrm{n}=5$
