# Introduction

The Specialty Specific Questions have been developed to test trainee's access to, participation in or confidence in the attainment of specific aspects of the specialty training curriculum.

The questions have been included Programme Specific Questions in the annual GMC National Trainee Survey. The details of these questions and the trainee responses (nationally, by Deanery/LETB and by grade can be found within this report.

38 Rehabilitation Medicine trainees (5 ST3, 17 ST4, 7 ST5 and 9 ST6 trainees) completed the 2018 survey. This was a decrease of 40% (25 trainees) compared to 2017. The numbers of trainees in each Deanery / LETB completing the survey were as follows:

Deanery / LETB	2017	2018	% Difference
Defence Postgraduate Medical Deanery	3	<3	
Health Education East Midlands	4	<3	
Health Education East of England	4	<3	
Health Education Kent, Surrey and Sussex	0	0
