

2019 NATIONAL TRAINEE SURVEY RESULTS

NUCLEAR MEDICINE

SPECIALTY SPECIFIC QUESTIONS

OCTOBER 2019

Introduction

The Specialty Specific Questions have been developed to test trainee's access to, participation in or confidence in the attainment of specific aspects of the specialty training curriculum.

The questions have been included as Programme Specific Questions in the annual GMC National Trainee Survey. A table showing trainee's collective responses from a national perspective, a comparison with the responses last previously received for the question (if it has been asked in a previous year) and the region or regions where agreement is highest or lowest are shown on pages 4-7 with a fuller breakdown of the questions and the trainee responses (nationally, by Deanery/LETB and by grade later in this report.

13 Nuclear Medicine trainees completed the 2019 survey. The numbers of trainees in each Deanery/LETB completing the survey were as follows:

Deanery / LETB	2018	2019
Health Education East of England	<3	<3
Health Education N, C & E London	4	6
Health Education North West	4	3
Health Education NW London	0	0
Health Education South London	0	0
