

JRCPTB ePortfolio training user guide 2019

GUIDANCE FOR SUPERVISORS

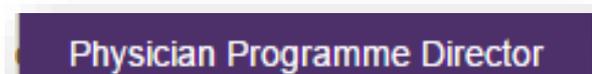

How to locate a trainee as a Training Programme Director

Training Programme Directors are responsible for trainees within their own programme. Training Programme directors are given permissions to access all trainees within the Core or Specialty programme they are responsible for within the deanery/LETB.

This function allows Training Programme Directors to oversee and access all trainees ePortfolio. The trainees can only be accessed via the Programme Trainee function which is only applicable to Training Programme Director role. Follow the guide below on how to access the trainees.

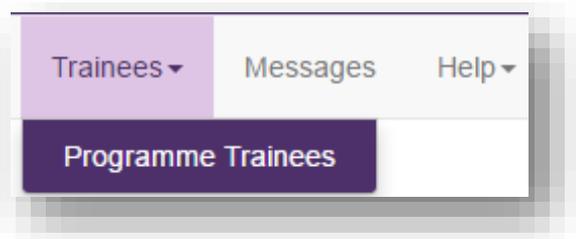

Step 1:

You will need to log in using the Physician Programme Director role.

Step 2:

From the Trainee menu tab, select 'Programme Trainees' from the sub-menu.

Step 3:

You can locate a trainee by either selecting the training programme they are on or by searching for the name of the trainee.

A list of all trainees who have been assigned to this programme will appear or trainees that match the name.

NOTE: Ensure that you tick 'past, present, future' boxes as trainees may have left the programme, which may be a reason they may not appear in the list. Alternatively the trainee may have been added to the wrong programme.

Programme Trainees

Select Training Programme: Select Dates: Previous Current Future

Search on user training programme status Status:

Search on trainee name:

Search on GMC programme code:

Show entries

| Last Name | First Name | Current Status | Current Training Programme |
|-----------|------------|----------------|---|
| Agbobu | Anthony | Enrolled | London - Rheumatology (LON293) (05 Oct 2011 to 07 Jul 2016) |

Step 4:

Click on the name of the trainee in the list that appears, this will direct you to the trainees ePortfolio account.
